Even the Littles need to get
around town
sometimes. You
can help by
building their bus!

Here's how to make the Grand Valley Bus

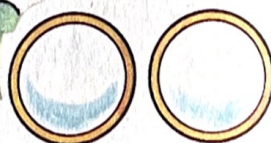

1. Glue 2 pieces of white paper over the milk carton (to cover up all the printing).
2. Now glue the the bottom part of this page (the windows, wheels and headlights) to another piece of heavy paper.
3. When the glue is dry, get a grown-up to help you cut out all the parts. Then glue them to the milk carton. The picture here shows you where the cut-outs go.
4. If you want to, you can customize your bus. Use crayons or paint to make sports stripes, a bumper, etc.

IMPORTANT: Don't cut out these parts until you're finished enjoying the other side of this page!

Here's what you need:

- an empty 1-quart milk carton
- some heavy white paper
- a pair of scissors
- glue

HOW A BILL BECOMES A LAW.

1.

THERE OUGHT TO BE A LAW...

First somebody has an idea.

So, that person's governmental representative writes the idea down. Then it becomes a bill.

2.

NOW I'M A BILL.

3.

I'D LIKE YOU ALL TO MEET THIS BILL...

Then, the bill is introduced to the members of Congress...

They discuss it thoroughly ... before they vote.

4.

AND THEN THEY VOTE

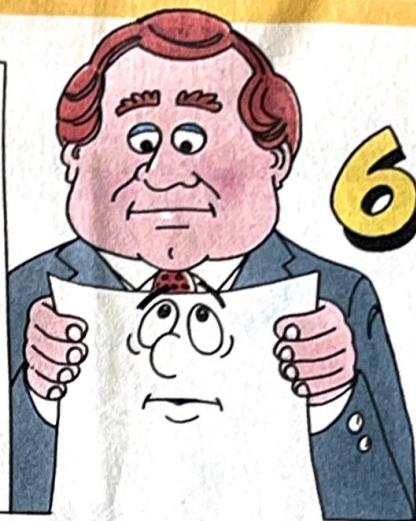

YEA! NAY! YEA! NAY! YEA! NAY!

YEA! NAY!

HARDLY ANY BILL GETS ALL YEA VOTES
("YEA" MEANS YES AND "NAY" MEANS NO)

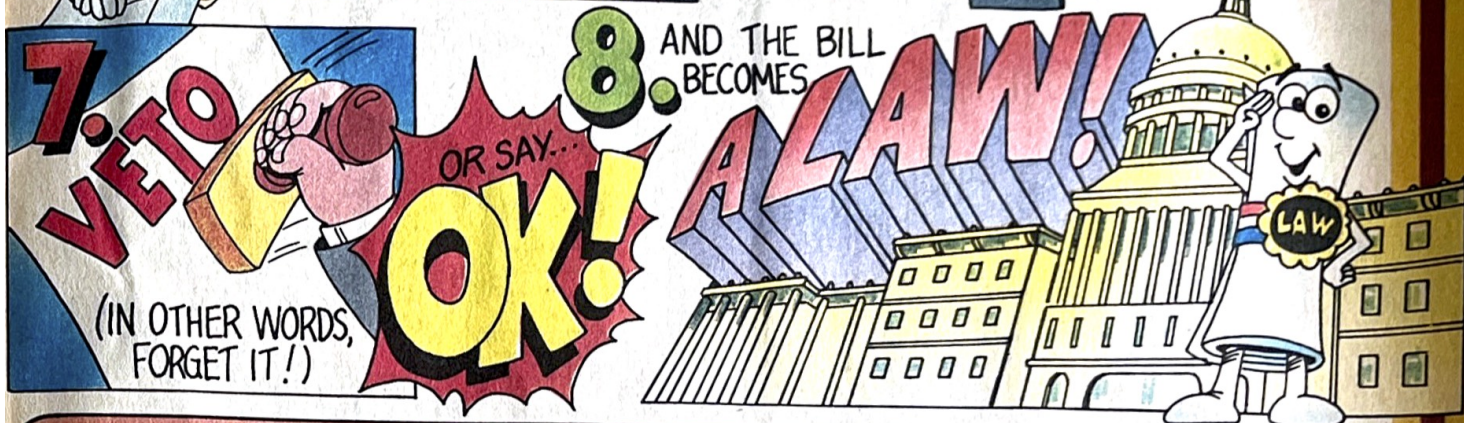

Watch "ABC Schoolhouse Rock" on Saturday mornings!

But, if the bill gets more "yea" votes than "nay" votes in both the Senate and House of Representatives, it gets introduced to the President!

6. THEN IT'S UP TO THE PRESIDENT.

HE CAN VETO IT...

MONCHHICHI'S RACE HOME

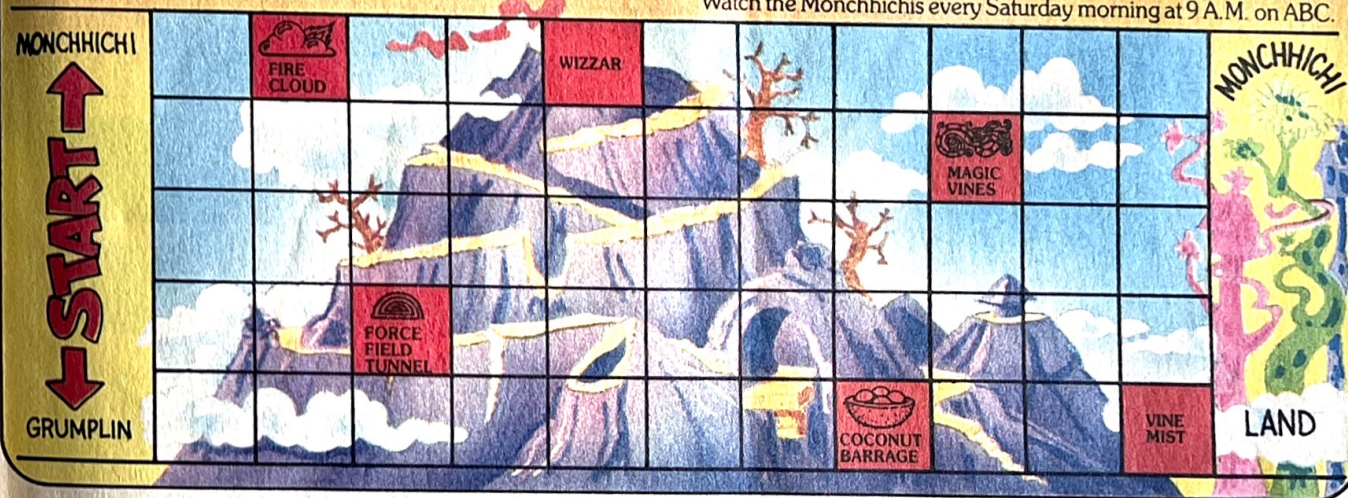

1. This game is for two players. One is a Monchhichi and the other is a Grumplin.
2. Put one penny "heads-up" on the Monchhichi "start" square, and one penny "tails-up" on the Grumplin "start" square.
3. To begin the game, the Monchhichi player flips a third penny. If the penny comes up "heads," the player must move three squares (you may move up, down, forward or diagonally, but not backwards). If the coin comes up "tails," the player must move one square.

4. Players take turns. If the Grumplin lands on a square occupied by a Monchhichi, the Monchhichi is captured, and the Grumplin wins the game. If the Monchhichi reaches Monchhichi Land without being captured, he wins the game.

NOTE: The Grumplin may not land on a red Monchhichi defense square. The Monchhichi may land on a defense square, and while on the square, the Monchhichi cannot be captured.

SAFETY MESSAGE: Put pennies on the game board, in your pocket or in your piggy bank—but never in your mouth.

Watch the Monchhichis every Saturday morning at 9 A.M. on ABC.
